

| HSSE

we are committed to a healthy, safe, secure, and environmentally responsible work atmosphere.

- **Health:** We conduct training sessions to educate workers on essential health and hygiene practices.
- **Safety:** We ensure strict compliance with safety protocols for both machinery and personnel across all operations.
- **Security:** Access to facilities is monitored and controlled to safeguard employees, equipment, and company assets.
- **Environment:** We promote green practices, our new initiative is to gift plant to our customers, reinforcing our commitment to sustainability.

MALL MANAGEMENT

We provide services in **rental benchmarking, mall structure assessment, tenant/brand mix strategy, and market analysis**. Our expertise includes evaluating rental rates against market standards, optimizing layout and circulation for better customer flow, curating a balanced tenant mix to enhance footfall, and identifying cannibalization risks within the market. We also offer insights on foot traffic patterns and leasing performance to support informed decision-making and sustainable growth for mall stakeholders..
